

Surge Protection

Art.-Nr. TV8728

- Protects cameras and recorders from excess voltage
- Simple installation on the BNC connection
- Fast response time: 1 ns

Use the reliable and cost-effective surge protection in order to safeguard your cameras and digital recorders from overvoltage, caused by e.g. lightning strike or static discharge. This will avoid defects in your expensive equipment.

Technical Data

Bandwidth	0 – 1
Connections	BNC
Damping	0.2dB
Height	25mm
Insulation resistance	10000M Ω
Length	78mm

Max. overvoltage	4
Net weight	0.8kg
Out-of-band loss	16dB
Short-circuit resistance	0 Ω
Width	25mm
