Security module

Art.-Nr. TVHS10040

- Security module for the ABUS door station
- Manipulation protection for the 2-wire door station or the access control module
- Interface for electric locks

The security module is used as an additional manipulation protection for the ABUS door station to prevent any unauthorized opening of the door in the case of forceful door station tampering.
Additionally, electronic locking cylinders or exit buttons can be integrated via the security module.

Technical Data

Connectible devices	2-wire door station		Language of instructions	DE, GB, FR, NL, DK, IT
Connections	1 x RS-485		Length	25mm
DC voltage supply	12V		Max. operating temperature	55°C
Depth	25mm			
Height	48mm		Min. operating temperature	-30°C
Housing material	Metal			
IR LEDs	Yes		Net weight	0,145kg
Installation	wall mounting		Packaging language	DE, GB, FR, NL, DK, IT
			Width	115mm
